Liability Insurance Company _____ Policy # _____

Every swimming pool shall be protected from unauthorized entry at all times when not in use. Please indicate proposed method of establishing a "protective enclosure" to a minimum height of 4' above grade which will prevent access to pool.

- A pool whose walls are at minimum four (4) feet above ground level and which is equipped with an automatic retracting and locking ladder or removable ladder. The ladder must be locked closed or removed and protected when pool is not in use.
- A chain-link-type fence around the rear of the property or around the pool four (4) feet in height with locked gates.
- A four-to-six foot-high solid or closed-type fence with locked gates, provided that such fence is within twelve (12) feet of the pool walls.
- Locking protective spa/hot tub cover which must be locked when not in use.

Pools must comply with Whitehall Chapter 160 and the National Electric Code.
Decks and fences require separate permits.

I/We, the undersigned, hereby declare the above items to be true and correct and agree to be bound by the Building and Zoning Ordinances of Whitehall Borough. I/We also agree to erect the building or structure in complete accordance with all applicable laws, and that no changes will be made from the approved plans in any manner without obtaining the written authorization of the Building Inspector.

I hereby certify that the proposed work is authorized by the owner of record and I have been authorized by the owner to act as his agent for this purpose.
