

**August 19, 2022**

As part of the Swimming Pool Improvement Project, enhancements are also being made at Brennan Plaza.

The concrete walkways have been removed to allow for open green space for Whitehall Borough Recreation and Whitehall Public Library activities. A new picnic area will be installed where an old shuffle ball court was located. The existing bleachers will be expanded to allow for more seating for Whitehall Borough Recreation's Summer Concert Series. Wheelchair spaces and companion seats will also be added to allow for more ADA access.

Whitehall Borough looks forward to entertaining residents next summer!
