Applicant Phone _____ Applicant E-mail _____

Amount of Impervious Surface (Square Feet) _____

Impervious Surface is a surface that prevents the infiltration of water into the ground, including but not limited to: roofs; additional indoor living spaces, patios, garages, storage sheds and similar structures; or sidewalks. Decks, parking areas, and driveway areas are counted as impervious areas if they directly prevent infiltration.

Please list projects and amount of added impervious surface since December 6, 2018

I declare that I am the property owner, or representative of the owner, and the provided information is accurate to the best of my knowledge. I understand that stormwater shall not adversely affect adjacent properties or be directed onto another property. I also understand false information may result in a stop-work order or revocation of any associated permits. Borough representatives are also granted reasonable access to the property for review and/or inspection of this project as necessary.
